

Claim Your Place in History

with the Official Historic Rummer Home Plaque

The Historic Rummer Home Plaque is designed exclusively by Bob and Phyllis Rummer and friends, and will be customized with the year-built for each individual home. Placement of each plaque certifies the authenticity of your Rummer Home and identifies the uniqueness and importance of your home as a piece of Mid Century Modern history. In addition, by ordering this plaque your home will be entered into the official registry of Rummer Homes.

Each Plaque will be customized with the year your home was built, and comes with four black metal screws.

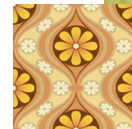

For more information, and to place your order online, please visit www.rummernetwork.com. The cost for the plaque is \$149.

The Rummer Network is a nonprofit website community offering Rummer owners and enthusiasts a place to find resources and share information about these unique Mid Century marvels.

Submissions can also be made by mail from the form below:
